About Mother of Millions Foundation

Introduction

Mother of Millions Foundation was established to provide charitable support to various causes throughout Zambia

Vision

To provide hope and transform the lives of the under privileged society across Zambia and beyond

Mission

To be a channel of providing support and impacting lives and the needy in communities around Zambia

About BUY-A-BRICK Initiative

Mother of Millions Foundation runs a school for the children in prison whose parents are serving sentences. The school caters for the education needs of the children in prison. The organization demarcated a dining hall to make a class for the children and has since employed 2 teachers and operates from Monday to Friday.

Due to lack of education infrastructure, the Government of Zambia has given land to the organization to build 6 classrooms to be used as a school for the children, juveniles and as a skill center for the women and mothers in prison.
